Guest lecture on
“Botany and its role in pharmaceutical sciences”
REPORT

28th April, 2023

The lecture was started at 12.00 pm with welcome of guest Dr. Sandip Patil, Professor, Dr. Shivajirao Kadam College of Pharmacy, Kasabe Digraj, Dist. Sangli by Dr. V. B. Awale. Along with B.Sc. III students, Mr. Harshal Wangikar, Mr. Mangesh Gavit has attended this program. After the formal introduction of guest Dr. Sandip Patil started their speech.

In his speech Dr. Sandip Patil introduced the importance of various plants and plant parts and their biochemical importance in different pharmaceutical industries. Dr. Patil provided detailed information of plant extraction, biochemical analysis and drug formation which is core part of any pharmaceutical industry. This aims to raise medicinal importance in human day today

life and their vital role. Dr. Patil runs his own research laboratory named 'Biocyte'. This research lab recognized for analysis of various plant extracts and their products. By the way of lab, Dr. Patil nourishes the Pharmaceutical knowledge and research. Speaker enlightened that Life sciences students must be know the research techniques and must create their Botany related interest in day today life. Dr. Patil pointed out that it is urgent and important that we raise awareness and attention about Plant identification in order to maintain taxonomical aspects among the students..

After the nice and detailed lecture of speaker the question and answer session was conducted. The anchoring for this webinar was done by Mr. Mangesh Gavit. Finally the webinar was over with vote of thanks given by Mr. Harshal Wangikar. Finally with the permission of all the delegates Mr. Harshal Wangikar declared that the webinar was successfully over.
