One Day Online National Webinar on
“TO BE FRIENDLY WITH CORONA-A NEED OF TIME”
Resource Person –Dr. Milind Shah
Tuesday, 23rd June 2020; 11:00 am

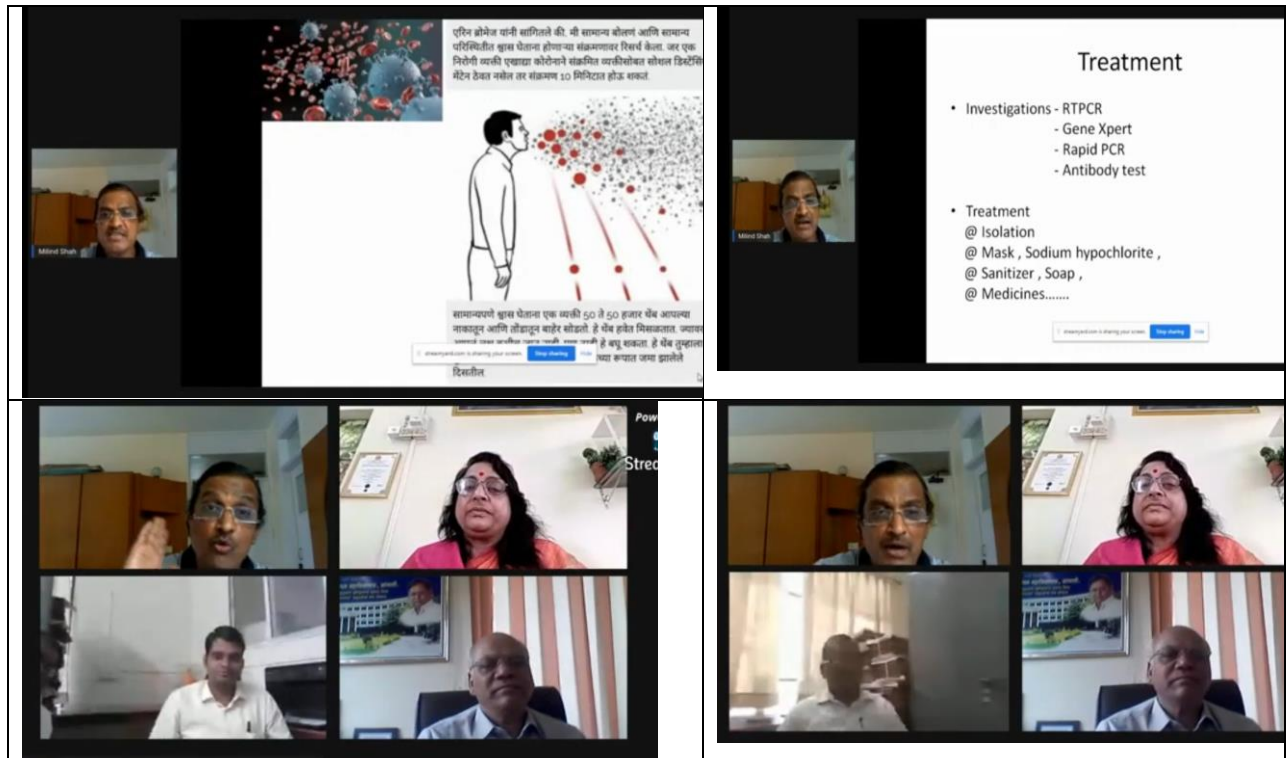

One Day Virtual Mode National Webinar on “To Be Friendly with Corona-A Need of Time” was organized by the Department of Zoology in collaboration with Internal Quality Assurance Cell of Dr. Patangrao Kadam Mahavidyalaya on, 23rd June, 2020. The main purpose of the webinar was to make the society aware of newly born corona virus.

Dr. Milind Shah, Renowned Gynecologist from Koregaon Satara) was Chief Guest and was President of this webinar was Prin. Dr. D. G. Kanase, Management Council Member, Shivaji University, Kolhapur was the chair person for the Webinar. Dr. Milind Shah said, “People may feel less vulnerable and take fewer safety precautions about COVID-19 when they are with, or even just think about, their friends instead of acquaintances or strangers. All students, faculty members were inspired with her soft spoken skill and informative scientific talk.” He also explained the novel corona virus what actually it is, its source of infection, transmission, incubation period, case definition, home care, health care facilities, Mask Management and how to reduce the risk of coronavirus infection.

He described the definitions for case identification, present scenario worldwide, details about sample collection and precautions to be taken to prevent the transmission of disease. He also described the preventive measures taken by the government of India to prevent the spread of

disease. Being "friendly" with the coronavirus does not mean treating it as a friend but rather adopting a responsible and informed approach to dealing with the COVID-19 pandemic. Here are some key pieces of information regarding the importance of taking the virus seriously and the measures that should be followed Understanding the Virus Public Health Concern: Vaccination and Preventive Measures.

Dr. D. G. Kanase in his presidential address said that being "friendly" with the coronavirus means taking it seriously, following public health guidelines, and cooperating at individual, community, and global levels to mitigate its impact. This approach is necessary to protect public health and eventually bring an end to the pandemic.

Dr. Prabha Patil, Head, Department of Zoology anchored the program and put forward program proposal. Prof. T. R. Sawant proposed vote of thanks. More than 250 participants were present on the YouTube channel.
