**One day Workshop on  
'Overseas Education and Opportunities after Post-Graduation in Research'  
(30/09/2022)**

Seminar on 'Overseas Education and Opportunities after Post-Graduation in Research' for final year B.Sc and M.Sc students was organized by department of Chemistry and IQAC on 30<sup>th</sup> September 2022.

The speaker of the seminar was **Mr. Kaushik Gandhi**, working as Alliance specialist at **Mystudia, Pune**.

Dr. R. N. Deshmukh, welcomed and introduced Mr. Kaushik Gandhi to all B.Sc and M.Sc. final year students.

Mr. Kaushik Gandhi in his talk elaborated the opportunities and different courses available to chemistry, physics, microbiology, botany, zoology, statistics and Mathematics students in foreign countries particularly in Canada, Australia, US and UK.

He has given detail information about all end-to-end process of education abroad. Starting from selection of colleges in foreign countries, course details, admission process, different types of scholarships available to Indian students in foreign countries, visa process etc.

Total of 110 students were attended the seminar. Students asked some questions about the admission process, scholarships safety in foreign countries.

Mr. Kaushik Gandhi effectively answered all the questions.

At the end of session, Dr. Amit Supale, M.Sc Coordinator and IQAC Incharge delivered vote of thanks.
