

- Dissemination of information on various quality parameters of higher education
- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution

Perspective Plan of college for next five years:

I) Curricular Aspect:

- To introduce new programs during each academic year as per students demand and need of industrial requirements.
- To start Add on courses in each department.
- Establish a proper system for monitoring of curricular delivery process
- Organize syllabus changed workshops on revised syllabus
- To start Diploma and Advance certificate courses under NSQF scheme of Govt. of India
- Preparation and proper implementation of academic calendar
- Improvement in Feedback Collection System (Students, Teachers, parents, Alumni and Employers) and its analysis

II) Teaching, Learning and Evaluation:

- Smooth admission process
- Strengthening of CIE process
- More use of ICT in Teaching-Learning process
- Preparation of Smart classrooms
- Implementation of LMS
- Enrich learning experience with more student centric activities.
- Extensive use of online teaching and learning resources like NPTEL, MOOCs, SWAYAM, INFLIBNET etc.
- Conduction of Student Satisfaction Survey every year
- Effective Teachers Evaluation system (Feedback from Students on Teachers)
- Design/modify COs, Pos and PSOs for all programs
